

**NHS Highland
Raigmore Hospital, Inverness
Clinical Support Division
Cardiac Clinical Physiologist**

**Lead Specialist in Echocardiography
37.5 per week, permanent
Band 7: £39,300 to £46,006**

NHS Highland Cardiology Department provides specialist cardiac services including Cardiac catheterisation, PCI, pacemaker, CRT and ICD implantation, as well as a full range of cardiac diagnostic tests.

We are looking to recruit an individual to be part of our friendly and motivated team. The echocardiography services we deliver include adult and paediatric echo, TOEs, contrast echo (LV and bubble) and physiologist led valve clinics. The department is also open to development of additional echocardiography services and your contribution can be tailored to your experience and interests with training provided to support your development.

The department holds weekly MDT meetings with our physician colleagues, and is actively involved in training and supporting physiologists towards Echocardiography qualifications as part of existing PTP and STP training programmes.

Applicants should have a relevant degree and full BSE adult transthoracic accreditation or equivalent. The department would also consider newly qualified/inexperienced echocardiographers who are currently working towards BSE accreditation, where the department would support you in completing your training. We will also consider suitable applicants that might be looking for part-time or flexible working hours.

A competitive relocation package is available for the successful applicant.

NHS Highland serves a catchment area of almost 10,000 square miles covering the entire Scottish Highlands. The City of Inverness is the Capital of the Highlands and offers an enviable lifestyle and environment combining excellent access to a breadth of outdoor pursuits with excellent air links and easy road and rail connections to other UK centres. For more information see <https://nhshighland.medical.careers.global>.

For an informal discussion please contact Dr Colin Farman on 01463 706003.

**Shortlisted applicants will normally be contacted by email unless otherwise stated.
Please check your emails regularly, including your junk/spam folder.**
